    degree engineering programme commenced. KIIT owes its existence to the vision of
    its founder Prof. Achyuta Samanta who, with no land, limited finances (only Rs.
    5000/-) and little knowledge of higher education to create an institution for the benefit
    of the society. From these small beginnings, KIIT has developed into a leading
    university with a strong interdisciplinary culture and a commitment to teaching
    excellence.
